Overview

Activity Introduction

This task uses a health history form that you might complete when you go to visit a doctor.

In lesson nineteen, having a physical exam with a doctor is introduced. Discuss with the learner if they currently have a family doctor. Discuss the importance of regular check-ups.

New words

Determine any new words that you think are being introduced in the activity and review those words with the learner.

Instructions

Have the learner fill in their name and the date. Have the learner complete the pre self-assessment. Have the learner complete the form as fully as possible. They may need to gather additional information to complete the form. Due to the personal nature of this task-based activity you should always make sure the learner is comfortable doing it. When they have finished the activity they should complete the post self-assessment. After the learner has completed the task-based activity, complete the assessment section and review the results with the learner.

Extension activities

- The BLEST Practitioner Guide and Learner Activities Booklet contain a module related to understanding health care. This activity is taken from that module. There are several other activities that may be of interest to the learner. It can be downloaded from the LLO website at <http://www.laubach-on.ca/bookstore/llo-publications>
