

## Task-Based Activity: Create a shopping list

**Laubach Connection:** Laubach Way to Reading (LWR) Book 1, Lesson 5

### OALCF Link

#### Relevant Goal Paths

Apprenticeship, Employment, Independence, Postsecondary, Secondary School Credit

**Rationale:** Learners on all of the paths will need to create shopping lists for a variety of different reasons.

**Task-Based Activity Description:** The learner will create a short shopping list of ten supplies from a dollar store that might be needed for school.

#### OALCF Competency, Task Group and Level Indicator (See Assessment page for performance descriptors)

##### B: Communicate Ideas and Information

B3: Create and complete documents

- B3.1b: Create very simple documents to display and organize a limited amount of information

#### Materials Required

- Pen or pencil and eraser
- Questions sheet with shopping list template

## Overview

### Activity Introduction

This task-based activity uses a blank shopping list template. In Lesson 5 the learner is introduced to a shop and some of the items that you can purchase in a shop. Discuss whether the learner has ever shopped at a dollar store. Have they ever purchased school supplies at a dollar store for themselves or a child? Discuss how shopping lists can help you stay organized and keep you from making impulse purchases.

### New words

This activity doesn't introduce new words. However, the learner may need some assistance if they use new words to complete the activity.

### Instructions

Have the learner fill in their name and the date. Have the learner complete the pre self-assessment. Have the learner create a shopping list for ten school supply items they may be able to purchase at a dollar store. After the learner has completed the task-based activity complete the assessment section and review the results with the learner.

### Extension activities

- Have the learner use the template to create shopping lists for a variety of different purposes.
- Have the learner bring in flyers from home for places they shop and use the template to create lists.
